Our Nation Still Stands!

From Veterans' Outreach President

Is that all you got? Yea...One punch and then a second punch to the guts of our nation. With all of the ugliness that 2020 has given to us in less than a year? What's NEXT? The PANDEMIC and then the Floyd Riots have been one nightmare after another. The many trillions of dollars lost and over 100,000 lives lost? The property damages, businesses by the millions...forever gone? Dreams shattered and all of the carnage of everything added up? We should all have sticker shock!

PTSD Awareness Day is observed every year on June 27th

PTSD stands for Post-Traumatic Stress Disorder and is a condition that many veterans and non-veterans alike suffer. PTSD can occur when someone experiences or witnesses a traumatic event. This condition wasn't always understood properly by the medical or military community, and Department of Defense press releases often point to earlier attempts to identify PTSD symptoms in the wake of service in World War 2, Vietnam, and other conflicts.

What We Do Every Day

Sarasota Florida office
Veteran's Panic Quickly Relieved

A Florida based veteran called, crying. He's a single parent with a small daughter, and the power had just been cut off. He felt that he had let the child down, and was not the responsible parent that any child would need. We got the particulars, contacted the utility and got the power restored – he is extremely grateful for the help provided by Veterans' Outreach.

Youngstown, Ohio

A call came in from our local VA Clinic. They were working with a veteran that was suffering from depression. They had been able to help him with housing. The problem was that the veteran's phone had been shut off. The VA staff was very concerned about the veteran being alone and unable to reach out, they also wanted to be sure that they could keep in touch with him.

They asked us if we could help with the phone to get it paid off and get the service on. We told them to send him straight here, we sent a staff person with him to the service provider, paid the bill, and immediately he had service again.

Something that might seem small to some of us might very well have saved this veteran's life.

Star Spangled Banner

As You've Never Heard It

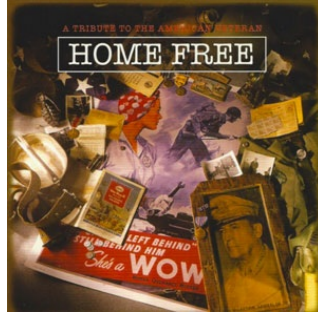

The story of the National Anthem is told in this video. The video provides interesting information on the background and creation of the Star Spangled Banner.

Heroes' Passage Project

Veterans' Outreach was donated 110 acres of Kentucky wilderness. Plans are underway to develop Heroes' Passage, a healing environment for post 9/11 veterans that are having problems with transitioning to civilian life.

June 2020 Update

Heroes' Passage Development has been stalled, pretty much, along with the rest of America's businesses. The gears of our nation and its' principals are in clutch mode.

News

Veterans Affairs Bulletin

Military veterans and those on active duty have sacrificed their lives, comfort and choice of employment in the name of protecting American freedom. Without the US military, America as we know it would not exist and millions of Americans would not be able to live their lives in peace and prosperity. As a sincere thank you, our country and plenty of companies who employ veterans offer life changing discounts and even free products and services exclusively to members of the military and their immediate family members. From Military Savings.
